

AUTHOR OF FAMOUS PHOTOS OF THE COMMISSION FOR BUILDING OF OBSERVATORY ON FRUŠKA GORA IS ČEDOMIR KUŠEVIĆ?

This paper is an attempt to find out with some new indications, who is the author of two photographs of the Commission for the building of the new Astronomical Observatory on Fruška Gora, recorded on February 16, 1927. All the available data indicate that this is Čedomir (Čeda) Kušević, according to the education the geographer, but by vocation, a professional photographer. However, there is no explicit evidence for that.
