

ROOTS OF THE SKY OR STORIES FROM THE SKY: GENEALOGY OF THE SKY

This work presents two books: „Stories from the sky“ (Mladenovac, Presing, 2016) and „Roots of the sky“ (Mladenovac, Presing, 2018), which, complementing each other, talk about birth of the stars and Milky Way, birth and conjunction of the sky and Earth; why the sky is blue and why the sun is sometimes red etc.

Key words: genealogy of the sky, universe, stars, fairies, old Serbian mythology, fairy tales
