

# ELECTRONIC ARCHIVE OF POPULAR SCIENCE MAGAZINES IN ASTRONOMY

In this paper we present a digital archive of Serbian popular science magazines *Saturn* and *Vasiona*. The digitalization of the magazine was done during 2020 and 2021. The project was started on the initiative of professor Nada Pejović, and it was realized with the funds and efforts of the authors of this article. Digital copies are deposited in the Virtual Library of the Faculty of Mathematics in Belgrade: <http://elibrary.matf.bg.ac.rs>.

**Key words:** Popular science magazine, Astronomy, *Saturn*, *Unverse*
