

LITERARY DETAILS IN MILANKOVIĆ'S *MEMORIES, EXPERIENCES, COGNITIONS*

From the literary and artistic point of view is an analytically considered artistic-memoir and historiographic book *Memories, experiences, cognitions*, capital work of the great astronomer and director of the Astronomical observatory in Belgrade Milutin Milanković. It can be a model in many ways to future scientists and researchers; and significant complement of this type of literature in our literary-historical midst.
