

SLOBODANKA DIMITRIJEVIĆ – THE FIRST GRADUATED STUDENT IN ASTRONOMY AT THE UNIVERSITY OF BEOGRAD

Slobodanka Dimitrijević, married Krstić, graduated in 1936 at the astronomy study group of the Faculty of Philosophy of the University of Belgrade. Due to patriarchal views of her mother she had to abandon idea of working at the Astronomical Observatory. She became a professor of mathematics, physics and astronomy in secondary schools in Belgrade. She was an excellent teacher and populariser of science. Her students won many medals at the competitions in mathematics. She was very active in various professional organizations. She was even one of the founders of the Academic Astronomical Society in Belgrade.
