

PROBLEMS OF ASTRONOMICAL OBSERVATORY WITH ITS CULTURAL GOODS

Very long and successful scientific activity of Astronomical Observatory in Belgrade is marked and with some cultural and artistic contents, worth of particular attention, but insufficiently known. Our intention is to enlighten them better with this work and made them known for all interested. In the work will be considered busts of Milutin Milanković, archival legacy of Djordje Stanojević, anniversary stamps of Observatory, its commemorative plates, bronze reliefs, museum exhibition, documentary films, on Observatory as a cultural good, emblems and paintings.
