

**PHD THESIS „PHILOSOPHY OF ANDRE-MARIE AMPERE“
BY BORISLAV LORENC (1883-1975)**

In the present paper a review on the PhD thesis of Dr Borislav Lorenc “Philosophy of André-Marie Ampère”, which has as its subject Ampère’s natural philosophy, is given. This author, who later taught at the University of Belgrade, developed original conceptions about the nature of consciousness and psychical life in general in his numerous works.
