

COSMIC IN LITERARY CREATIONS OF SERGIJE DIMITRIJEVIĆ

From the rich scientific and research works of Sergije Dimitrijević we singled out three posthumously published books: Poems and letters, Sparks from the past and Letters from the Netherlands, which are characterized by literary. For examples of poetry, travelogue and diary entries we have selected only a few "cosmic adjectives" present in the achievements of our author. In the introductory part we have pointed out, in general, on the civilizational and linguistic determinants of the cosmic..
