

GEORGIJE POPOVIĆ

Biography of Georgije Popović, belongs to a group of ordinary and normal, in which there are no unusual events and reversals. Everything was (except for the World War II) more or less regular: from birth in middle class family, primary and secondary schools, regular graduation, military service and employment, wedding and childbirth. Followed the successful observational, professional and scientific work. In this contribution his life and work are considered, with his bibliography at the end.
