

ARTIST WITH COSMICAL-PLASTIC VISIONS ON CREATIVITY, INSPIRATION AND MODELS

In this contribution we considered auto poetical seeing of art, inspiration and illuminating models of young plastic artist Vladimir M. Dimitrijević, turned, among other, and toward cosmic visions and representations of Universe. We draw attention to the importance of inspirative *good wellness* and temper in the process of creativity, on inspiration in music, (*music of spheres* on his drawings); as well as on relation to classic and modern art and his quite particular artistic affinity.
