

COSMOPOETICS FROM WOMAN'S FEATHER (2) **– COSMOPOETICS OF SMILJANA DJUROVIĆ**

Cosmopoetics of Smiljana Djurović is analysed, based on the anthology *Cosmic flower* by Milan S. Dimitrijević. This is a research started in previous Proceedings of this conference. Results of the investigation demonstrated that cosmopoetics of this poet is richer than presented up to now in scientific circles and in the public in general.
