

## **DIGITAL LEGACY *ANTON BILIMOVIĆ***

With the aim to present in one place the heritage of most significant Serbian scientist in the domain of Mathematical Sciences, we started to construct a digital archive and a digital legacy of digitized works of Serbian scientists. For the moment, in these archives are data concerning Milutin Milanković, Bogdan Gavrilović and Anton Bilimović. In this work are presented materials related to academician and Professor of University of Mechanics, Anton Bilimović (1879-1970).

**Key words:** Digitization, History of Astronomy, History of Mathematics, Anton Bilimović
