12h Departure from Belgrade

16h Arrival to Zaltibor

17:30-18:00 Registration

Chairmans: V. Srećković, J. Kovačević Dojčinović

18:00-18:15 Opening ceremony

18:15-18:45 Milan Dimitrijević/ Luka Popović - A brief history of the AGN_GL meetings

19:00-21:00 *Welcome cocktail*

Monday, 3.06.

Chairman: L.Č. Popović

10:00-10:30 - Stefanie Komossa-The extremes of AGN variability: outbursts, deep fades, changing-looks, and exceptional spectral states

10:30-11:00 - Jelena Kovačević Dojčinović-Peculiar properties of Fe II lines in spectra of active galactic nuclei

11:00-11:30 - *Coffee break*

Chairman: M. Dimitrijević

11:30 - 12:00 Nicolina Pop-Reactive collisions between electrons and molecular ions-essential elementary processes in the interstellar media

12:00-12:30 Vincenzo Petrecca-Ensemble power spectral density of quasars in UV/optical bands

13:00-15:00 *Lunch break*

15:00-18:00 Work on mini-projects

Tuesday, 4.06.

Chairman: A. Kovačević

10:00-10:30 - Paola Marziani- The disk plus (failed) wind system of 3C 47: a story of accretion disks and binary black holes

10:30-11:00 - Edi Bon-Probing the shallowing BLR response to optical continuum in AGN

11:00-11:30 - *Coffee break*

11:30 - 12:00 Felix Iacob-Electron-molecular cation collisions in interstellar space

12:00 - 12:15 Zoran Mijić/Bratislav Marinković-COST activities and an overview of cost procedures and national rules for joining recently approved actions

12:15-14:00 *Lunch break*

14:00-18:00 *Excursion*

Wednesday, 5.06.

Chairman: S. Komossa

10:00-10:30 - Đorđe Savić-Estimating the broad line region size of quadruply lensed quasars with microlensing

10:30-11:00 - Kriti Kamal Gupta-Physical properties of lensed quasars using X-ray to MIR data

11:00-11:30 - Coffee break

Chairman: D. Ilić

11:30-12:00 Ivano Saccheo-Selecting high-Z QSOs with machine learning

12:00-13:00 Oral poster presentations (5-10 min for each poster)

13:00-15:00 Lunch break

15:00-18:00 Work on mini-projects

20:00 - Conference dinner

Thursday, 6.06.

Chairman: E. Bon

10:00-10:30 - Dragana Ilić-Tidal Disruption Events in AGNs in the context of LSST

10:30-10:40 - Closing ceremony

12:00-14:00 Lunch break

14h - Departure for Belgrade
