

XI Serbian Conference on Spectral Line Shapes in Astrophysics

August 21-25, 2017
Šabac, Serbia

XI SCSLSA

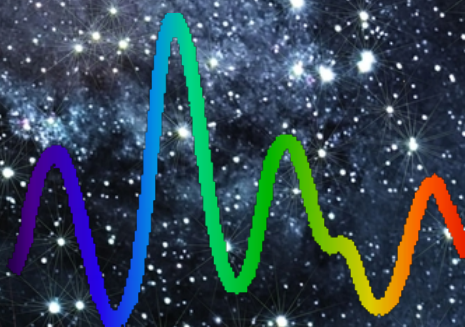

Image: ESA/HST

Scientific Organizing Committee

- L. Č. Popović (Astronomical Observatory, Belgrade, Serbia) – Chair
E. Baron (University of Oklahoma, Norman, USA)
E. Danezis (University of Athens, Greece)
M. S. Dimitrijević (Astronomical Observatory, Belgrade, Serbia)
P. Hauschildt (Hamburger Sternwarte, Hamburg, Germany)
D. Ilić (Faculty of Mathematics, University of Belgrade, Serbia)
D. Jevremović (Astronomical Observatory, Belgrade, Serbia)
E. Mediavilla (Instituto de Astrofísica de Canarias, Spain)
G. Peach (University College, London, United Kingdom)
J. Purić (Faculty of Physics, University of Belgrade, Serbia)
S. Sahal-Bréchet (Observatoire de Paris-Meudon, France)
J. Sulentic (Instituto de Astrofísica de Andalucía, Spain)
R. Stamm (Aix-Marseille Université, France)
E. Stambulchik (Weizmann Institute of Science, Israel)
A. F. Zakharov (Institute of Theoretical and Experimental Physics,
Moscow, Russia)

Topics:

- Stellar and interstellar spectral lines
Spectral line phenomena in
extragalactic objects
Spectral lines in laboratory plasma

Contacts:

- A. Kovačević - andjelka@matf.bg.ac.rs
S. Simić - ssimic@kg.ac.rs
N. Bon - nbon@aob.rs
J. Kovačević Dojčinović - jkovacevic@aob.rs
L. Č. Popović - lpopovic@aob.rs

Venue:
Hotel "Sloboda",
Šabac, Serbia

Conference website:
<http://www.scslsa.matf.bg.ac.rs/>
